

# POLETECTOR<sup>360</sup>

*we cover all your bases!*

LIGHT POLE BASE COVER  
877.798.0900  
protect • enhance • brand

Protect vehicles from costly lot damage, eliminating door dings and bumper rubs.

Enhance and transform the appearance of your parking lot.

Build your Brand by adding a corporate logo or your own custom logo.

Poletectors are highly visible and offer Impact and Fade resistance. Made in Michigan with durable Polypropylene and install in minutes without the use of tools.

"Not only did the Poletectors transform the look of our dealership, we have saved hundreds of dollars by eliminating multiple car door dings. I would highly recommend Poletector to anyone that takes pride in the appearance of their dealership."

-Chris Bruder  
Van Tuyl Automotive Group

Before

After

- Highly visible. Impact and fade resistant. No more painting.
- Easily snaps around new or existing cement light poles base without the use of tools.
- Fit's bases -

- Tops are custom cut to fit your round or square light poles. Any height can be accommodated.
- Injection molded in Michigan from durable Polypropylene 1/8" thick. (Recycled\*)

Foam inserts provide impact resistance while keeping Poletector snug on pole.

### 1) Measure diameter or circumference of cement base.

- Determine what style base you have and measure the diameter (up to 25" wide) **or** circumference (up to 78" around).

Round

Pyramid

Square

No Base

	Wide	Around
Round		
Pyramid		
Square		
Pole only		

### 2) Measure the height of your tallest concrete base. \_\_\_\_\_ "Height

- Poletectors are 38" tall and will give your parking lot a uniform height. We include foam to provide support even if your bases are shorter than 38".
- Measure from the ground to the top the metal anchor bolt cover.

### 3) Measure your light pole.

- Determine if you have a ROUND or SQUARE light pole.
- We will custom cut top to fit your pole. Cut out will be 1" larger than the size of the light pole.

\_\_\_\_\_ " Square Light Pole

\_\_\_\_\_ " Round Light Pole

Example 6" Round
